## 4 Install the Static Sticker(Optional)

**Step 1.** Peel the red sign protective film off the static sticker, then attach the sticker to the windscreen.

**Step 2.** Peel the green sign protective film off the static sticker.

**Step 3.** Attach the dash cam to the sticker.

## 5 Format the Memory Card

Memory card must be formatted before first use.

To format the card in the camera, stop recording first, then long press the [◀|REC] button.

## 6 Connect to Smartphone

### Download VIOFO APP

Scan the QR code to download the app.

Download on the  
**App Store**

(iOS)

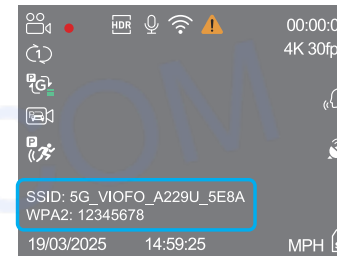

GET IT ON  
**Google Play**

(Android)

### Connect VIOFO APP

**Step 1.** Turn on the Wi-Fi in the menu or long press the [Wi-Fi] button. When the Wi-Fi is on, Wi-Fi name (SSID) and the password appear on the camera LCD screen.

**Step 2.** Use the phone to connect Wi-Fi. When the phone is connected with the dashcam, the LED light on the camera shows solid blue.

**Step 3.** Open VIOFO app and choose "Connect camera" to use your phone to control the dashcam.
